Good Afternoon Shan

Do you think you would be able to circulate the E mail below with the links to your members who are welcome to attend the next round of our TINs ( Transport Innovation Networks)

These events are free and anyone can register via the links for the most appropriate venue.

Hope you can help

Regards

John

Launched across Wales in January and February 2018, Transport Innovation Networks are part of the "Connecting Communities in Wales" project being delivered by the Community Transport Association. This project is supported by the Welsh Government Rural Communities Development Fund – Rural Development Programme 2014 – 2020, which is funded by the Welsh Government and European Union.

Feedback provided by attendees from the first round of Transport Innovation Networks is shaping transport solutions for the benefit of people living and working in rural Wales. Find out how your ideas have been taken forward and our plans for the future in an important time for the community transport sector in Wales. We hope that you will be able to attend and continue to contribute to the development of our activities.

**For full event details please use the links below to book your complimentary tickets to any of The Transport Innovation Network Launch meeting**
