to Town

For information.

Dear all,

Further to the approval of the [Conwy & Denbighshire PSB Well-being plan](#) we are now developing the detailed action plan for the priority, Environmental Resilience. We would welcome your views and assistance in developing innovative solutions to address the issues identified in this priority area.

We have provisionally booked **Wednesday, 18 July 2018 from 9.30am to 12.30pm** in the Optic Centre in St Asaph.

The meeting will focus on collaborative solutions and next steps around these areas

- **Developing a Common Environment Policy Statement**
- **Developing Actions for Environmental Resilience in Conwy and Denbighshire**
- **Developing the PSB as an influencer**

I would be grateful if you could please forward this invitation to relevant / interested officers within your organisations, thinking about these areas in particular, and confirm attendance with countyconversation@conwy.gov.uk. We are also reaching out to communities and organisations with environmental interests. If you can suggest any to contact please let us know.

Cofion Cynnes / Kind Regards,

Hannah
