To all City, Town & Community Councils,

We are aware that due to meeting dates, a number of City, Town and Community Councils are having difficulty in responding to the Denbighshire Replacement LDP – Draft Preferred Strategy consultation and Candidate Sites Register by 30 August 2019. We very much value the contributions from city, town and community councils and would be happy to receive the comments from your councils as soon as possible after your meetings but no later than 5pm 27th September 2019.

We trust that this assists City, Town and Community Councils and would appreciate receiving comments as early as possible.

Cofion cynnes / Kind regards,
