to Town

Dear City, Town and Community Councillors

We are changing the way in which we manage our physical assets. In the future our land and buildings will be grouped with similar types of property, into one of eight Portfolio Plans.

As part of the process we are reviewing the land and buildings within each portfolio plan, to make sure that our properties are necessary and suitable for the delivery of our services, that they are not unnecessarily costly to run, and to make sure that we are not missing opportunities to share them with other public services which could make things more convenient for our customers.

I would be grateful for your comments regarding any impact that you foresee on your town/community/ landscape, in respect of the administration property portfolio plan.

To share any comment regarding the administration property portfolio plan please follow the link to Denbighshire County Council's web page www.denbighshire.gov.uk/consultations <<http://www.denbighshire.gov.uk/consultations>>

Yn gywir/Kind regards

Sian
