#### **Training**

Training is defined as "a planned process to develop the abilities of the individual and to satisfy the current and future needs of the Organisations".

- Learning can be categorised into the following:
- Intuitive – learning which happens by chance and we may not be conscious of it.
- Incidental – learning by reflection on particular events or activities.
- Retrospective – a system approach to reflecting on activities and identifying what we learned from them.
- Proactive – planning to learn from an activity, reflecting on it and planning to use what we learned.

It is anticipated that members and the Clerk learning will reflect many of the above.
